

Help us raise funds to build a restroom facility at Blowing Rock School playground and field!

The Blowing Rock Chamber of Commerce Leadership Challenge Class of 2019 has committed to raising \$65,000 for this project through individual and business donations, grants and capital contributions. We are also seeking in-kind or at-cost donations of construction goods and services to be coordinated by our contractor, Cash Custom Homes. All donations are tax deductible through The Village Foundation of Blowing Rock. Our goal is to complete fundraising by Dec. 31, 2019 and begin construction in February of 2020.

The school playground and fields are not only used by students and faculty but receive extensive visitor traffic throughout the year from locals and tourists alike. Blowing Rock Parks & Recreation also hosts peewee sports and summer camp at the facility. Therefore, we have developed a Memorandum of Agreement (available upon request) between all groups that will benefit from this resource: the Watauga County Board of Education, Town of Blowing Rock, Blowing Rock Economic Development Corporation, and The Village Foundation of Blowing Rock for the construction and ongoing maintenance of the restrooms. They all agree on the many safety and tourism advantages to having this facility available on the school grounds.

How can you help?

- Donate! No amount is too small. Checks should be made out to The Village Foundation of Blowing Rock with BRS Restroom in the memo line. They can be dropped at the Chamber or mailed to P.O. Box 2716, Blowing Rock, NC 28605.
- Sign up to volunteer at an upcoming fundraising event:
